 Suitable for the food, pharmaceutical and chemical sectors.

1

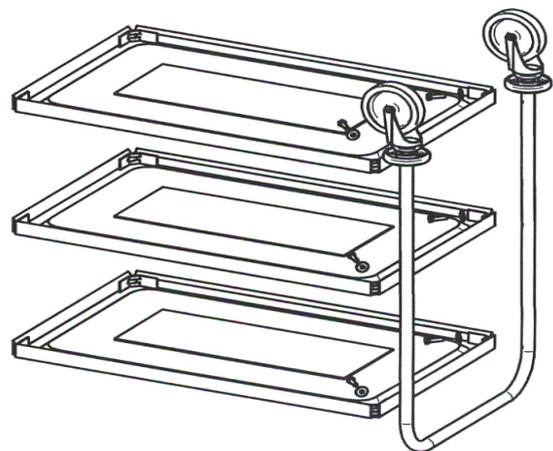

FITTING THE TROLLEYS.

Place the shelf on the ground and bring the handle closer with the wheels.
 Tighten with the screws TE 8x30, nut and washer, loosely.

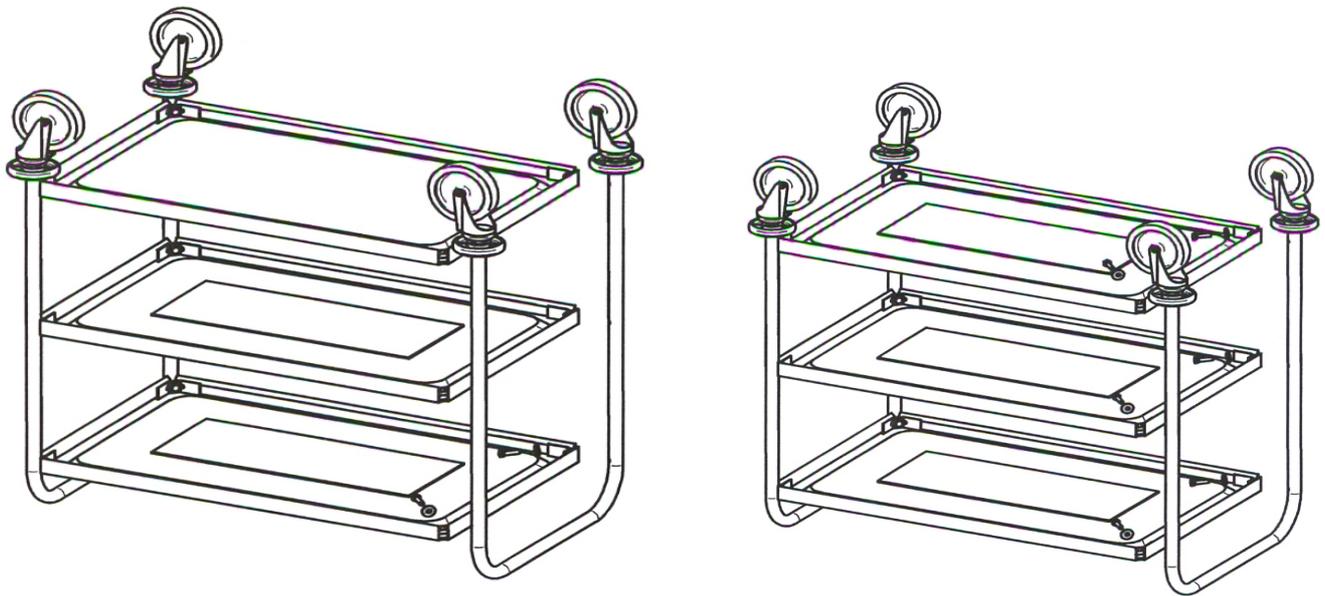

2

Position the lower tray in the same way, as well as the central tray if present.

- 3 Bring the 2nd handle closer and screw the trays starting with the one on the ground.

- 4 Check that **all joints fit snugly**, then finally tighten all bolts.
